AUTHORITIES ON AN ENTIRELY NEW ANGLE IN PROBE

Will Question Brothers of Miss Doris Fuchs Today

(By The Associated Press)

CHICAGO, May 18.—Authorities investigating the disappearance twenty months ago of Leighton Mount, Northwestern university freshman, started tonight on an entirely new angle when it was announced that two brothers of Miss Doris Fuchs, a friend of the missing youth, had been subpoenad for questioning.

Miss Fuchs, who claimed Mount had told her he intended to disappear on the night of a class fight when he vanished and who said she received an unsigned note from him in which he contemplated suicide, has been questioned by assistant state's attorneys and has been sent to the grand jury.

Several days ago there were reports that a brother of Miss Fuchs who believed Mount had mistreated his sister, way laid the boy as Mount was coming home from the class fight.

John F. Wharton and John Scarbaro assistant state attorney have manifested an interest in this angle of the case after the questioning of Mrs. John Sweeney of Saranac Lake, N. Y., who is said to have told of a conversation she overheard between Northwestern students a few days ago at a dinner in which this particular angle of the case was mentioned.

Charles "Chuck" Palmer, star athlete and senior student at the university who was held in custody, part of the time in a police cell for over twenty-four hours when his name became involved in the case, was released on his own recognizance today after having been brought into court on a writ of habeas corpuse. He was ordered to appear in court next Monday when efforts will be made to obtain his complete release.

Palmer today reiterated his denials of statements of Mrs. Violet Bachman, a former friend who had told the authorities that Palmer said he knew where Mount was shortly after he had disappeared. Palmer admitted that he knew the woman who was then Miss Violet Lawson but denied that he had discussed the Mount case with her.

Inquire Into Aubere Death.

While assistant state's attorneys were devoting their time to the Mount case and to the identification of a skeleton found under an Evanston pier three weeks ago and believed by the authorities to be Mount's, a coroner's inquest into the death of Louis Aubere, Northwestern freshman, was reopened.

Aubere, who was with a party of students in an automobile was killed following a class fight when the car in which he was riding collided with another machine. The accident that resulted in his death and the serious injury of Ralph Williams, another student, occurred on April 17, about a week before the skeleton believed to be Mount's was found.

Two hundred alumni of the university meeting here today expressed their confidence in President Walter Dill Scott and the university and the manner in which the Mount investigation had been conducted so far as the university is concerned.

President Scott announced tonight that John J. Healy has been named as attorney for all students who may need his aid in connection with the investigation. In a statement President Scott said the university was continuing to operate with the public officials in the investigation but as many students were being questioned and not all of them were able to employ counsel, the university deemed it best for the welfare of the students themselves to make it possible for them to have easy contact with counsel.

PRESIDENT HARDING COMMUTES SENTENCES OF FATHER AND SON

Quincy Men Convicted of Conspiracy Get Clemency

(By The Associated Press)

WASHINGTON, May 18.—The sentence of Fred Wolf was ordered to expire June 17 next and that of his son, Paul, to end October 17. Their fines of $10,000 and $5,000 respectively, have been paid.

Prison sentences of Paul and Fred Wolf of Quincy, Ill., convicted of war frauds, have been commuted by President Harding to one-half their original length, it was announced today at the white house. The commutation is dependent on payment of the fines of both.

Fred Wolf was sentenced to prison for one year and one day, his son for two years. They were convicted of having overcharged the government for leather goods sold during the war.

Vigorous efforts to obtain clemency for them had been in progress for several months, Illinois senators and representatives, as well as others, having interested themselves in their behalf. It is understood that the department of justice opposed granting of pardons, the president taking a middle course in commuting the sentences.

Upheld By Two Courts

Springfield, Ill., May 18.—Conviction of Fred Wolf, aged 73, and his son Paul Wolf, both of Quincy, of wartime conspiracy to defraud the government by stamping rejected army saddles and other leather goods with a counterfeit stamp of approval, was upheld in both the criminal court of appeals and the United States supreme court. They were sentenced January 30, 1920, and were imprisoned in Leavenworth penitentiary about the middle of last March, the father to serve one year and the son two years. They were also fined, the father $10,000 and the son $5,000.

Ill health of the senior Wolf led his son to ask that all the prison sentence be put upon him, so that his father might not, as he feared, die in prison. Upon the petition of eleven of twelve jurors who returned the first verdict of guilty, and upon the recommendation of the trial judge, Louis FitzHenry, President Harding announced the father's sentence would be commuted to July 17 and the son's October 17, after they had each served one-third of their terms, according to the parole rule set by the grand jury.

The jurors wrote the president their verdict was based on the belief that no prison sentence would be put on the old man.

These petitions were called to President Harding's attention by both Senators McKinley and McCormick, with their personal recommendations.

Conviction of the two Wolfs was after several weeks' trial at Quincy. Both men denied their guilt. The evidence against them was that they sent defective leather material to the army for use by the A. E. F. in France. It was charged that they returned to their factory after hours, and cutting off the inspectors' mark of rejection, substituted their own counterfeit mark of approval.

BUST OF LINCOLN TO BE UNVEILED

(By The Associated Press)

CHICAGO, Ill., May 18.—A bust of Abraham Lincoln, subscribed and donated by the Union League Club of Chicago will be unveiled in the New York University hall of fame next Tuesday club officials announced here today.

The bust, the work of Augustus Saint-Gaudens, will be unveiled with busts of Henry Ward Beecher, Ralph Waldo Emerson, Ulysses Simpson Grant, Alexander Hamilton, Robert E. Lee and Frences Elizabeth Willard in ceremonies set for Tuesday afternoon. Mrs. Mary Lincoln Isham, granddaughter of the martyred president, will unveil the bust and Ambassador Jusserand of France will deliver the address.

The club will be represented by John Benham, vice chairman of the public affairs committee.

COUNTY MINISTERS TO MEET TUESDAY

Protestant ministers of Morgan county are invited to a chicken supper to be served at Central Christian church on the evening of May 2, at which time final arrangements will be made for the Protestant picnic on June 7th. It is planned to have Judge Olsen judge of the Municipal court of Chicago, to make the address at the picnic.

A letter has been sent out to all ministers calling upon them to mark June 7th on their calendar, and to see that their church is represented in the parade, which will open the festivities.

Louisville, Ky., May 18.—Boyd Winchester, 88, former congressman and during President Grover Cleveland's term of office, as minister to Switzerland, died of infirmities of age today.

BANDITS SHOT FIVE OF THEIR CHINESE CAPTIVES IS REPORT

Would Not Hesitate to Kill Foreigners Prisoner Says

(By The Associated Press)

TIEN TSIN, May 18. — The Suchow bandits on Wednesday shot five of the Chinese captives and "would not hesitate one moment about shooting the foreigners," according to Marcel Berube, one of the prisoners who arrived at Lincheng yesterday on parole.

The Chinese prisoners were murdered for not obeying an order, or for not obeying it quickly enough, Berube said.

"The patience of the brigands is becoming exhausted," the prisoner declared. "In three days they marched us 30 miles. Some of the captives still are without shoes and with their feet sore and swollen, marching over the mountain trails is torture.

"We are now encamped in three temples at the foot of Paotzku mountain. From there we can plainly see the soldiers across the valley. The troops greatly outnumber the bandits and follow at the heels of the latter at each march we make."

Berube said that Major Robert Allen is suffering greatly from cut and bruised feet and G. D. Musso, Italian millionaire, another captive, is unable to walk as one leg is paralyzed. Senora Verea, he declared, still refuses to leave her husband and bears her hardships remarkably well.

Major Roland Pinger has been elected president of the "captives organization." The major is clad in a pair of trousers many sizes too large and above them a dress jacket.

V. Smith, of Manchester, England, more than 60 years of age, who came out to the far east on a trip for his health, is reveling in the adventure, according to Berube. Dressed in blue flannel dungarees and a straw hat and carrying a broken walking stick, Smith is irrepressible. On Sunday, said Berube, the Englishman nearly slipped over the edge of a chasm but was able to scramble back to safety.

Berube asserted that the soldiers had looted one of the bandit villages and that the captives had seen several other villages destroyed.

FOUR PERSONS ARE BURNED TO DEATH UNDER AUTOMOBILE

Car Overturns Pinning the Occupants Underneath It

(By The Associated Press)

CAIRO, Ill., May 18.—Four persons were burned to death near here late today when an automobile in which they were riding ran off the road, turned over, pinning the occupants beneath it, and burst into flames.

The dead, all of Mounds, Illinois, are:

Lee Roach, 24 years old; Ben Gaffney, 36; Cecil White, 2, and Millerine White 4. The children were nephew and niece of Roach who was driving the car. Authorities expressed the belief that he lost control of the machine.

A fifth passenger, the nine year old son of Gaffney, who was riding on the running board of the automobile, escaped death when he was tossed into a clump of bushes when the car overturned. The accident occurred between Mound City and Mounds, Illinois.

DISMISS SUIT AGAINST MOIR

(By The Associated Press)

CHICAGO, May 18.—Charges of violation of the federal income tax laws against Harry C. Moir, president of a Chicago Hotel company, were dismissed in Federal Judge Adam C. Cliff's court today when federal attorney told the court the attorney general accepted a compromise settlement.

Moir was indicted more than a year ago on a charge of having failed to schedule his $25,000 a year salary from the hotel company during the year 1918 and 1919. The total tax on this salary was $13,000. The court was informed that the trfeasury department and the attorney general had agreed up on a compromise settlement of $32,000.

FORMER RESIDENT TO WED IN THE EAST

Mrs. L. E. Engel of East Court street, has received an announcement of the engagement of Mrs. Nellie E. Bradbury of Revere, Mass., to C. A Borden of Amherst, Mass. Mrs. Bradbury was formerly a resident of this city and is known to a number of local residents. Before her marriage she was Miss Nellie Ricks of this city.

Prisoners of Chinese In Pitiful Condition

(By The Associated Press)

SHANGHAI, May 18.— Unless the foreign powers unite in forcing the Chinese government to realize that the Suchow bandits are ready to forfeit their own lives and those of their captives in their determination to have their demands met, "we are doomed" was the word received here tonight from Leon Friedman, one of the Americans held in the Paotzuka stronghold of the brigands.

Friedman's letter which painted a pitiful picture of the captives condition, has stirred public feeling in Shanghai. The China press, an American newspaper, backed by a number of prominent Americans, has called a mass meeting for Sunday for the purpose of making urgent representations to Washington.

The meeting, it is expected will point out the necessity of the powers guaranteeing that the promises made by the Peking government to the Brigands will be kept.

Foreigners here and in other cities in China are becoming increasingly alarmed for the safety of the prisoners held at Podzuku and the situation is almost the sole topic of conversation in all foreign circles.

Following is Leon Friedman's letter:

"We have no bedding nor cooking utensils and are compelled to sleep on the ground. Conditions really are terrible.

"Some of the captives purposely sent out reassuring letters during the first few days of their detention, hoping in this way to calm the fears of their friends and relatives. These caused the public to think that our release was only a matter of course.

"This is a grave mistake. The bandits hold the upper hand. They are absolutely determined to force compliance with their demands for the withdrawal of the troops and reinstatement of themselves in the army, and they are prepared to forfeit our lives and their ouw in the attempt.

"Unless the Peking government is forced to realize this by the foreign powers we surely are doomed.

"I strongly urge our friends and the public to call mass meetings and do everything possible to impress on the foreign powers the desperate nature of our predicament.

"Consider us as pleading for our lives.

"The Chinese officials at Peking will not do anything unless forced by pressure from America and England to meet the bandit's terms.

"I recommend the sending of urgent cables to Washington and London backed up by the entire foreign community of China.

"This is not only my personal opinion, it is the unanimous belief and hope of all the captives."

WILLIAM J. BRYAN STORMY PETREL OF PRESBYTERIANISM

Refuses to Accept Chairmanship from Moderator Wishart

(By The Associated Press)

INDIANAPOLIS, Ind., May 18.—William Jennings Bryan developed today into a stormy petrel of Presbyterians when he refused to accept the chairmanship of the committee on home missions of the 135th general assembly, tendered him by Dr. Charles F. Wishart, who defeated Mr. Bryan yesterday in the race for moderator.

His refusal threatens to precipitate a fight between the liberals and the fundamentalists which will overshadow the other work of the assembly.

A practice of long standing gives the second man in the vote for moderator the chairmanship of the important committee on bills and overtures, the steering committee of the annual meeting.

When Dr. Wishart made up his committee assignments task last night, he nominated Dr. Hughes Walker of Los Angeles, third in the moderator, for this post. Having selected Dr. Walker for the post, the moderator asked Mr. Bryan to select any other and after some consideration the Commoner announced he would be satisfied with the vice-moderatorship but by the time he had reached decision Dr. Wishart had named J. Spencer Chapman, a Philadelphia lawyer as vice moderator and sent the list to the printer, giving Mr. Bryan the minor committee leadership.

DR. F. P. NORBURY IS GIVEN HIGH HONOR

Dr. Frank P. Norbury has accepted the invitation of the International Commission on Eugenics to become a charter member of the Eugenics Society of the United States of America, now being organized.

The objects of this organization will consist in the formation of genetic and eugenic research and eventually its practical application, thru legislation and ducation, to economic and social betterment. The introduction of courses in eugenics in universities and medical schools will be encouraged. Selective immigration laws will be advocated to safeguard us against the dumping on our shores of incapables now going on. It seems that European alms houses, insane hospitals and other institutions are through "assisted" immigration being emptied into America. The effect is inevitably to do damage to the "American race."

DR. FAIRBANK LEAVES

Dr. Ruth Fairbank, who has been visiting her parents here for a few days, left Friday evening for Baltimore, where she will resume her work in Johns Hopkins hospital.

Dr. Fairbank's vacation was not over, but on account of her ability and the present conditions at the hospital, she was finally induced to return to her work.

Los Angeles, May 18.—Arthur Letts, 61, vice president of the national council of Boy Scouts of America and recognized as one of America's leading merchants, died today after a short illness.

BRIEFS

(By The Associated Press)

Carmi, Ill., May 18.—Arthur J. Coleman of Grayville, near here, pleaded guilty in circuit court here yesterday to a charge of having killed his wife on April 26 last, and was sentenced to life imprisonment with the stipulation that he spend the anniversary of his wife's death in solitary confinement.

St. Louis, Mo., May 18.—What is believed to be the largest stock dividend ever paid by a local concern is contemplated by the St. Louis Brass Manufacturing Co., of this city, which made application here today for permsson to pay a stock dvidend of 900 per cent and also to increase its capital stock from $50,000 to $500,000.

Chicago, May 18.—Lawrence O'Brien, 17 year old brother of "Smiling Jack" O'Brien, who was hanged for the murder of a policeman, and Stanley Rousch, who escaped yesterday from the state training school for boys at St. Charles, were captured by the police today after an exciting automobile chase.

Beaumont, Texas, May 18. — Considerable damage to merchants' stocks was caused here today by the heaviest rain in the history of the local weather bureau, 13.54 inches having fallen between 6 a. m. and 11:30 o'clock. Down town streets were covered to a depth of 16 inches. Traffic was practically at a standstill, and thes treets were filled with stranded automobiles.

New York, May 18.—A woman scorned seven years ago by George Maxwell, music publisher, under indictment in connection with the sending of poison pen letters to New York society women, has been revealed as the author of the scurrilous letters, the Evening Mail declared today, naming as its informant a man high in the musical world. The woman, it was declared, is in New York and her arrest is expected.

Benton, Ill., May 18.—Buckner, a mining town near here was rocked by an explosion in the powder magazine of the Old Ben Coal Corporation, today. Windows in virtually every home and business establishment were broken. Only one man was injured. The property loss will run into thousands of dollars, it was estimated.

Elgin, Ill., May 18. — Arthur Taylor 44, an escaped inmate of the Elgin state hospital for the insane, was instantly killed near St. Charles last night when struck by a Chicago and Great Western train.

Taylor escaped from the hospital yesterday afternoon. He was married, had no children, and his home is in Chicago.

Chicago, May 18.—Eight Chicago warehouses, the Chicago Herald and Examiner said today, are filled with two hundred million pounds of sugar. That paper stated its investigators were told that sugar is coming in at the rate of 35 carloads a day, 800 sacks to a car. Box cars loaded with sugar were lined three deep on sidetracks at one warehouse, the paper stated.

Waterloo, Iowa, May 18. — Jeanette of the Prairie II, aged Guernsey cow, champion of both national dairy shows and dairy shows and dairy cattle congress in 1922, was sold by W. A. Marsh, Waterloo, to Mrs. H. G. Haskell Coshart, Pa., at the National Breed sale in Devon, Pa., yesterday for $9,000 top price of the sale.

Bandits Threaten to Shoot all of Them is Report

(By The Associated Press)

PEKING, May 18.—Marcel Berube, of Shanghai, was unconditionally released today by the Suchow bandits, according to advices received here.

Marcel O. Berube, the first foreign captive taken in the raid on the Shanghai-Peking express May 6th to be freed by the brigands, arrived at Lincheng yesterday. At that time it was stated he was free only on a brief parole and had been sent out with the bandits' ultimatum that if the Chinese troops besieging the bandits were not withdrawn by next Tuesday, all of the Americans and British hostages would be summarily shot.

The release of M. O. Berube leaves fifteen foreign captives, including six Americans, still in the hands of the bandits according to a list compiled at Shanghai for The Associated Press, from all available sources. The list is as follows:

Americans:

Major Roland W. Pinger, United States Army ordnance department, Manila, home 2111 Blake street, Berkeley, Cal.

Manuel A. Verea, manufacturer, Guadalajara, Mexico.

Senora Verea, his wife.

SCHWAB ADVISED BY SPIRIT MEDIUMS

NEW YORK, May 18.—Published statements that Charles M. Schwab had been influenced in financial ventures by the advice of spirit mediums gave him a laugh tonight when he was told of their circulation. Mr. Schwab, reached by telephone at his country home in Lorette, Pa., said:

"That is absurd. That is the most ridiculous thing yet. First of all because I am not interested in the stock market and secondly because I am even less interested in any such thing as spiritualism."

The story that Mr. Schwab had visited spiritualistic mediums was circulated when Charles B. Manville said he had invested money on a medium's advice because he had been informed that Mr. Schwab was one of the spiritualistic clients. The information was brought out in a suit for $21,000 started by Dr. Alonzo Eugene Austin against Mr. Manville. Dr. Austin charged Mr. Manville had endorsed two notes for that amount. Mr. Manville in a counter claim said he had been induced to purchase $25,000 in oil stock from Austin which he now declared was worthless.

4 LOCAL MEN ARE WABASH VETERANS

The Wabash Railroad Veterans Union was held Thursday in Decatur. This organization is composed of all the very old service employes of the road, who are entertained by the management.

Jacksonville has four employes who belong to the class of veterans in service: Thomas Magner, former roadmaster; Thomas Brennan, baggageman; J. S. Spencer, freight cashier; and F. H. Unglaub, local freight agent.

Passenger Conductor Smith, who has one of the runs thru Jacksonville, is one of the oldest employes in service, having been continuously in the employ of the Wabash since 1865.

S. W. Nichols who has been spending the winter in Arizona arrived home on the Hummer this morning. He is looking well and seems much benefitted by his sojourn in the southwest.

FEAR EXPRESSED OVER CONDITION OF MINISTER LAW

Caused by Summoning of English Specialist to Paris

(By The Associated Press)

LONDON, May 18.—Serious fears have arisen regarding the condition of Prime Minister Bonar Law, who is in Paris, and doubts are expressed whether he will be able to long retain the premiership. Nothing authoritative can be ascertained here as to the nature of the throat affection which has deprived him of his voice but the fact that Sir Thomas Horder, who is a practitioner in cancer and bacteriolagy has been called to Paris for consultation with the French specialist has given rise to some apprehension.

In official circles it is still maintained the premier's general health is good and his loss of voice is attributed to laryngitis. Apparently however, his physicians have advised a further long rest and he is going to Aix-le-Bains for another fortnight, and this is looked upon as pointing to uncertainty in diagnosis.

It seems generally accepted that when Mr. Bonar Law returns to London he will do so only for the formal purpose of arranging the reconstruction of the ministry. Political gossips name the foreign secretary, Marquis Curzon, or the chancellor of the exchequer, Stanley Baldwin, as successor to the premiership, according to their predilection.

LINCOLN MEMORIAL DESIGNER IS GIVEN MEDAL BY HARDING

Presented for American Institute of Architects

(By The Associated Press)

WASHINGTON, May 18.—Colorful speches of the broad reaches leading to the Lincoln Memorial attended the presentation tonight by President Harding of the American institute of architects' gold medal to Henry Bacon, of New York, architect of the memorial.

Standing almost within the portals of the imposing monument dedicated a year ago to the memory of the immortal Lincoln, the chief executive paid an expressive tribute to Mr. Bacon as the one who put into material form, so far as mortal men can, the loving regard of the American people for him. After his brief address Mr. Harding formally presented to Mr. Bacon the medal which only twice in the past has been awarded by the institute to one of its members.

Soon after darkness descended upon the granite memorial and the Potomac, a procession representative of the groups which together built the monument passed down alongside the great reflecting pool. Burning torches illuminated the way.

The procession was an escort for a barge, decorated in a manner reminiscence of the state barges of olden times and carrying Mr. Bacon and William B. Faville of San Francisco, president of the institute. Arriving in the lagoon in front of the memorial the occupants of the barge disembarked and were received by Chief Justice Taft, chairman of the Lincoln Memorial commission who presented Mr. Bacon to President Harding.

In his address of presentation the president declared Mr. Bacon and those who worked with him had erected "a structure whose dignity and character have won it rank among the architectural jewels of all time."

LETTERS TAKEN OUT IN GOULD ESTATE

(By The Associated Press)

KANSAS CITY, Mo., May 18—Letters of administration of the property in Missouri of George J. Gould, financier who died Wednesday in France were taken out here today by Floyd E. Jacobs, Jackson county public administrator.

Jacobs said Mr. Gould died intestate, his property in Missouri consisting of stock in the Missouri Pacific railroad, value not stated. The laws of Missouri allow a five per cent fee on all property administered publicly.

For Jacobs to act, probate court officials pointed out, it must be shown that Mr. Gould died without a will, or, if there was a will, failed to make provision for the administration of his property in Missouri. It was stated also that if relatives of the late financier live within the state, they have the right to apply for letters of administration within thirty days after death.

MRS. MILLER KEPLINGER TO SAIL FOR FRANCE

Mrs. Miller Keplinger of Franklin expects to leave about June 1 for an extended stay in Europe. Mrs. Keplinger was born in France and has been a resident of the United States only since her marriage to Mr. Keplinger. She will spend several months with relatives in France and expects to make the return journey in the early fall.

SCHOOL HOUSE FIRE CAUSES 73 DEATHS IN CLEVELAND S. C.

Fire Starts When Lamp Falls While Presenting Play

(By The Associated Press)

CAMDEN, S. C., May 18.—Seventy-three men, women and children are known to have lost their lives in the fire which last night destroyed the school building at Cleveland, near here.

More than half the bodies were charred beyond recognition. These were placed late today in one grave near the scene of the disaster after open air funeral services had been held. Three thousand persons attended the services.

The exact number of injured has not been ascertained, although five persons are in a hospital here. Many others are at their homes, recovering from burns, bruises and in some instances, fractured arms and legs.

One of the known dead, forty-one were children who were in the crowded school auditorium, witnessing a commencement playlet, when an oil lamp fell, setting the wooden structure on fire. Seventeen men and fifteen women also lost their lives.

Messages of condolence and offers of assistance poured in today from all parts of the state and nation. Mayor Carrison of Camden replied: "We appreciate your sympathy. No help needed."

The fire, according to eye witnesses, started when a hanging lamp over the stage fell and burst. The audience numbering about 300 mostly children became panic stricken. A rush was made for the one insecure stairway that led to the ground floor.

Stairway Collapses.

A jam resulted, the stairway collapsed and scores were hurled into a closet under the steps. Some were impaled by jagged timbers from the broken stairs. Soon the splintered stairway caught fire. Those not killed by the fall perished in the flames.

Meantime, men and boys who had escaped by leaping over railings or thru windows endeavored to extricate those trapped. Mothers, trapped on the second floor, in some instances, hurled their children thru windows.

It was reported that in several instances little ones were tossed to safety just as the floor sank with the mothers.

Four of the cast of eight in the playlet, a comedy, were among the dead. All the players were members of the graduating class. One of them, C. C. Bruce, describing the start of the fire and scene of the flames spread said that at first it was believed by those on the stage that the blaze could be extinguished. But the flames ingited scenery and draperies and in an instant the auditorium was a panic stricken.

No announcement has been made whether there will be an investigation of the disaster. Coroner Dixon and his daughters were among those buried late today.

Business houses were closed.

Second Greatest Disaster

Columbia, S. C., The Cleveland school house fire with its death toll of more than 70, ranks as the second greatest disaster in the history of South Carolina and first in point of number of immediate deaths, according to records searched out here today. The Charleston earthquake of 1886 ranks first with a total of 83 deaths, but only 27 of there perished immediately, the others dying at intervals over a period of several days.

A circulated report today was that the Cleveland fire occurred within three miles of the scene of another great disaster in which 24 persons lost their lives. This was the capsizing of a raft at Boykins Pond during a celebration of May 5, 1860[illegible].

The Charleston hurricane of 1911 resulted in 15 deaths.

DELIVERS ADDRESS WITH BROKEN WRIST

(By The Associated Press)

DENVER, Colo., May 18.—With his wrist broken as the result of an automobile accident near Deer Trail, last night, Hale Smith, secretary to Governor Sweet, proceeded to a gate a distance of about 12 miles from the accident, deliver the commencement address at the graduating exercises of the Agate high school wrapped the injured wrist in a handkerchief until this morning, when he returned to the scene of the accident and drove his car unassisted, back to Denver.

Smith went directly to the state house, arriving at 1:30 o'clock. He finished routine duties for the day before going home and calling surgical aid.

Freeport, Ill., May 18.—Edith Barton, 26, was fatally burned in her home in Adeline, Ill., today, when she attempted to re-kindle a fire in the kitchen stove with kerosene. The explosion which resulted, showered ignited oil over her clothing.

A THOUGHT.

If any widow have children or nephews, let them learn first to show piety at home, and to requite their parents; for that is good and acceptance before God. —I Tim. 5:4.

Ay, these young things lie safe
In our herts just so long
As their wings are in growing;
and when these are strong
They break it, and farewell! The bird flies.

—Lord Lytton.

The records show that a number of young Englishmen who wish to come to this country are prevented from doing so by the fact that the quota of England as provided under the present immigration law is full. This condition is a strong indication that the law needs amending.

An unofficial report from Chicago says that ten warehouses there are full of sugar and that the supply is increasing at the rate of a train load a day. If these facts can be established it ought not to be very difficult for the government to get at some facts that will throw light upon the sugar situation.

EYE KNOWLEDGE.

Thomas A. Edison thinks that the children of today's school will get nearly all their school learning from moving pictures. Experiments with school children have convinced him that 85 per cent of all knowledge is received through the eye, and for this purpose the moving picture is 100 per cent efficient.

"I made one experiment," he says, "with a lot of pictures to teach children chemistry. I got 1 2children and asked them to write down what they had learned from the pictures. I was amazed that such a complicated subject was readily grasped by them to a large extent through pictures. The parts of the pictures they did not understand I did over and over again, until they finally understood the entire picture."

Undoubtedly moving pictures are going to play a large part in education hereafter, but it may be that Mr. Edison suggests the final value of this method. The eye, in human beings, learns more readily than the ear, but this is not necessarily so with everybody.

Mr. Edison seems to overlook when he suggests that the movie screen will replace the blackboard. On the blackboard the child writes, and thereby learns thru the hand as well as the eye, reinforcing his knowledge. Napoleon, when he met a person for the first time, would look at him pronounce his name and write the name on a piece of paper and throw it away. Thus he never forgot people.

THE HOSPITALS' INVITATION.

One of the features of Hospital Day, celebrated recently in memory of Florence Nightingale, was an invitation issued by radio to the entire nation to visit the hospitals of the country. This message was sent out from a broadcasting station in Chicago at the request of the United States Public Health Service.

Health authorities want the public to learn that the hospital is the first place to go instead of the last when they need special medical care. They want people to understand and admire the hospitals instead of dreading them. The invitation was given in 17 different languages, with the hope of reaching a considerable portion of the foreign population.

The modern hospital is very important community institution. In addition to the care given to private pay patients, the average hospital does a great deal of work for the community as a whole and for patients unable to pay full price for their care. Free public clinics, valuable research work, treatment and advice and loyal assistance in emergency needs are merely part of the routine of most big hospitals.

The person who regards the hospital purely as a place of sickness, suffering and horror is ignorant. It is a place for the cure of sickness, the relief of suffering and, in the long run, the promotion of joy.

LOST TRAILS.

(NEA)

The finest pavement in the world—a Roman road built centuries ago— is discovered four feet under the earth's surface at Colchester, England.

This superb highway was put together by the tesselated or checkerboard system, like the mosaic patterns of tiles inlaid in many colors as flooring for modern bathrooms, building entrances, etc.

The design is worked out in seven colors. The tiles in places are arranged to form dragons, bulls, flowers and dolphins.

It starts you thinking about the glories of lost civilizations. Grim, but a trifle more interesting, is a skeleton found on top of this ancient pavement in England. The bones of a young woman. Why was she left there? You picture a speeding chariot, knocking her down, the driver galloping his horses ahead without stopping.

If you ever visit Peru and explore what remains of the wonderful Inca civilization destroyed by Spanish conquerors, the Inca roads would impress you most—prticularly if you drive a car.

One of these roads was nearly 2000 miles long. Twenty feet wide, it stretches over the mountains, practically as good today as when it was built centuries ago. First the Inca road makers laid down huge slabs of stone. They covered this with a thick coating of bituminous cement. Time has hardened this cement into solid rock.

Describing this road, Charles J. Finger says in his book "Lost Civilizations:"

"I recall the great stone road of the vanquished people, perfectly level or gently sloping, leagues of living rock being cut for its passage, ravines filled with solid masonry, precipes carved. Nor was the road left a mere mechanical triumph. On either side there were embankments, riprapped with stone, and trees and flowers were planted."

The good roads movement started when barbarians began clearing trails thru the dense jungles. Civilization has always been spurred or held back to great extent by highway conditions. And this is true now more than ever before, because congestion of population requires adequate arteries of traffic.

Our good roads movement is making rapid strides. It is really amazing when you compare with the dirt pavements of only 20 years ago.

When our civilization lies buried under ground, future excavators may not think mush of us as they unearth some of the bum pavements we have laid. However—

While we do not build our roads with the permanence of the Romans and Incas, possibly this is because we intuitively feel that it will not be many years until most of our travel will be by airplane with the "roads" in the air.

BERTON BRALEY'S DAILY POEM

THE COLLECTOR

By Berton Braley

"DEAR SIR: I'd like your autograph,"
A letter to the Poet read;
The Poet gave a happy laugh,
"I have arrived," he gaily said;
"The world is waking to my fame"—
He waved the letter in the air,
"And I shall win an honored name
And be respected everywhere.

"MY autograph! This letter shows
That genius will be recognized;
My brilliant verse, my clever prose,
Are justly and sincerely prized.
I wonder just what verse of mine
Has caused this devotee to write?
I'll copy it for him, and sign
My autograph for his delight.

"SO now to scan the missive through,"
The Poet read; his features fell—
"I'd like your autograph, as you
Must know that for a long, long spell,
You've let this debt accumulate,
It's time that you came through, by Heck!
Believe me, I'd appreciate
Your autograph—upon a check."

BIG MEETING AT MEREDOSIA

Fred High Made Great Hit With Address and Pictures—Students from School for Blind Furnished Musical Program

Another successful community meeting was held at Meredosia last night in the campaign being conducted by the Chamber of Commerce. The meeting was held in Ray's opera house and the auditorium was packed to the doors.

Fred High made one of his most characteristic addresses and was received with enthusiasm by the audience. Mayor Louis Berger of Meredosia presided. Following the address and musical program, Mr. High showed his moving picture, "The Builders."

The musical program was furnished by students from the School for the Blind. Miss Nettie Meek gave two violin numbers and Charles Cowling gave two cornet numbers. Fred Myers of the faculty of the school was the accompanist.

A meeting will be held at Waverly today, a 1 o'clock luncheon being a feature. The week's program will close with a meeting at Alexander at 8 o'clock this evening.

ROODHUOSE MERCHANTS GIFT CAMPAIGN ENDS

Great Throng Gathered for Distribution of Gifts in Roodhouse Thursday

Roodhouse, May 1.—The merchants gift campaign, inaugurated three months ago, was brought to a close May 17, when an assembly of buyers from many points adjacent to Roodhouse, met in the city park for the distribution which was held under the auspices of the Merchants association of this city.

Thirty-five thousand dollars in prizes were awarded. There were one hundred and ninety prizes awarded. The main gift, a sport model car, was received by J. M. Athony, of Roodhouse; the sedan by H. C. Ainsworth; the touring car by James Kelly and the living room suite by E. H. Sawyer, all of this city. A Victrola was received by H. C. Rowe; an electric washer by John Van Winkle; two radio sets were also given Ella Utt and Joe Hayes, of Roodhouse becoming the owners of these articles. A kitchen cabinet received by Virginia Bates of Camp Point, Ill., was the only large gift to leave the city. Mrs. Lewis Bartlett was awarded a double set of harness and George Blair a storage battery. A cedar chest was given to Mrs. W. F. Martin. Elmer Alred received the oil stove and Mrs. R. L. Worcester, was given the reed rocker.

Over three hundred and sixty thousand conpons were distributed by the local merchants during the past three months.

PROSPECTS FOR PIG FEEDING CONTEST

We have previously reported the interest shown by F. C. Trotter, Earl Cox, Lester Reed, and Wilbur Williams. Since then we have had inquiries from Fred Watson of Lynnville, whose children have taken unusual interest in junior projects. Milton Riley of Woodson, a member of last years pig club, is hustling to interest five others, so as to form a local club. All things considered, the prospects for a good pig feed contest are unusually good.

Information About the Largest Mineral Mixture Experiment Station

The largest mineral mixture experiment station in the United States is owned by the oldest and largest manufacturer of mineral mixtures in this country—the Moorman Manufacturing Company.

Its origin is the direct result of a firm determination on the part of this Company to manufacture the best Mineral Mixture that scientific and practical knowledge of hog-raising can produce.

The experiment station comprises 100 acres located on a high point about ten miles northeast of Quincy, Ill., on the new concrete State road. The farm is divided into test lots varying in size from 1,000 square feet to several acres. Various buildings are located throughout this area for the purpose of providing quarters for the hogs and making the necessary observations in connection with the experimental work. During the present year, more than one thousand hogs will be used in making Mineral Mixture tests on this farm.

These tests are too numerous and technical to be described here, but probably the most interesting of these is the one that is extending over a period of several years—and many generations of hogs—for the purpose of comparing the exact superiority in health and growth of hogs fed MoorMan's Mineral Mixture, over hogs fed no mineral mixture. Fifty purebred sows were purchased and bred for this particular experiment. The sows in each series of tests are sisters and bred to the same boar, three boars being used.

More than 1,000 sheep and 100 head of cattle will be under test this year to determine various questions relating to feeding of minerals for the maintenance of health and growth. Extensive experimental work with poultry will also be conducted.

You can depend upon the formula used in the manufacture of MoorMan's Mineral Mixture as being the very best. It is the last word in mineral mixture perfection.

MoorMan's Mineral Mixture also meets every requirement of the most rigid specification as to quality and grade of ingredients used. Every ingredient is tested in our factory laboratory and the latest type of machinery is used to insure a perfectly uniform mixture.

It is the combination of first-class ingredients and methods in the manufacture of MoorMan's Mineral Mixture, that makes it the best profit-producing preparation, per dollar invested, that you can feed to your hogs.

Because of our large volume of business, which will amount to about forty million pounds this year, 1923, we are able to sell MoorMan's Mineral Mixture at a moderate price. For your supply, see the MoorMan Man.

THE STATE STREET CHURCH WOMEN

Enthusiasm for the new activities to be taken up by State Street Sunday school, in connection with the proposed addition to the church, marked the Mothers' and Daughters' banquet held last evening in Grace M. E. church. About two hundred and fifty people were present at the banquet held Thursday evening in Grace Methodist Episcopal church. About two hundred time the men have undertaken anything so extensive, and they proved to be excellent hosts.

Mrs A. L. Adams presided as toastmistress over the program after the dinner. Under the theme, "The Friendly Road," toasts were given by Mrs. C. A. Barnes, Miss Mary Floreth, Mrs. J. H. Danskin, Miss Elson Pires, Mrs. H. A. Chapin, Miss Edith Nicol and Mrs. Mary T. Carriel. Original songs, appropriate for the toast subjects, about the work of the mothers and daughters in State Street Sunday school, had been written by Mrs. A. L. Adams and were given between the speeches. After Miss Elson Pires had talked on "Sign-Post," a song to the tune of "Reuben, Reuben, I've Been Thinking," began:

"Mothers, mothers we've been thinking.
What a fine world this would be
If you'd help start a Camp fire
Just as soon as soon can be."

These clever parodies were sung by everyone, with Mrs. Barr Brown, Mrs. Carl Robinson, Mrs. A. Weihl and Mrs. E. E. Crabtree as song leaders. Mrs. C. A. Johnson played the accompaniments. The invocation of the program was given by Mrs. W. H. Marbach.

A motion was made to send love and greetings to Mrs. A. B. Morey whose husband was pastor of State Street church for many years. Heads of four generations of mothers and daughters were there last evening. Mrs. Mary Turner Carriel and Mrs. M. B. Hackett.

Hearty support for all the new moves to be made when the Sunday school addition has been built was promised by the mothers and daughters of State Street church.

D. A. R. Rummage Sale, Scott Block, W. State St., Saturday all day.

CHAPIN

Mrs. J. L. Alderson was hostess to the members of the Ladies' Aid of the M. P. church Thursday afternoon. A pleasant afternoon was spent sewing. At the business session it was decided to hold a market Saturday, May 26th. Home baked bread, cakes, pies, etc., and country produce will be on sale at that time. Delicious refreshments were served by the hostess assisted by Mrs. Henry Vortman. Miss Mary Alderson was a guest.

S. K. Spencer, principal of the Concord school, was a business visitor here Thursday afternoon. Mr. Spencer will have charge of the motion picture theatre here for the present, and promises to show some good pictures.

Miss Amy Onken will leave Friday morning for Mt. Pleasant, Iowa, to be gone over the week end. A part of Friday will be spent in Keokuk where she will be the guest of Miss Mary Russell.

Work on the possible location of a fire brick plant here progresses slowley. Much time has been consumed this week in work on leasing the tracts wanted for tests.

Some things you should know *about your heart*

THE first thing a physician examines, when summoned, is the heart pulse. A normal heart will beat one hundred and three thousand times ch day. You depend on it to beat ery second of your life. You alize the heart should not have overwork constantly to throw off ood impurities. It is impurities hich increase the heart beat. More d-cells mean cleaner, purer, richer ood. They mean nerve-power, beuse all your nerves are fed by ur blood. This means freedom om pimples, from blackheads, from boils, eczema and skin eruptions; from rheumatic impurities, from that tired, exhausted, rundown feeling. Red-cells are the most important thing in the world to each of us. S. S. S. will build them for you! S. S. S. has been known since 1826 as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced.

Mr. Arthur A. Smith, 5009 S. Ada Street, Chicago, Ill., writes: "After suffering with bad boils, I commenced using S.S.S. I wish to say that it came up to all expectations, and relieved me of boils. I wish to express my appreciation for what S.S.S. did for me."

Two in Family Fully Restored by Tanlac

She Feels Well As a Schoolgirl, Declares Chicago Heights Business Man's Wife — Husband Also Benefited.

"My husband and I think there is nothing like Tanlac for we have both taken it and with splendid results," declared Mrs. A. P. Manos, 1540 Thorn St., Chicago Heights, Ill.

"I was in a terribly run-down condition and although we have the best things to eat at my husband's restaurant I scarcely had appetite enough to relish a thing. Indigestion went along with my general poor health, and I hardly knew a well day for a long time. I was nervous, had splitting headaches, and never felt equal to any task about the house.

"But Tanlac turned things right around for me, and our chef will tell you what a wonderful appetite I have. My weight is increased, my nerves are steady, headaches never bother me and when I go out for a walk or fresh air, I walk with the juick, firm step of a schoolgirl. We have recommended Tanlac to several friends, and they all praise it now. It never disappoints."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.

WILL GIVE RECITAL

The class completing the Public School Music Supervisor's course in the College of Music, Illinois Woman's college, June 1923, will give a public demonstration and recital next Monday evening, May 21, at 8:15 o'clock. Both class room demonstrations with children and chorus conducting will be given. Also added to this, a pleasing program of musical numbers. The public is cordially invited to be present.

Kellogg's Bran is nature's relief from the terrors of constipation!

Never make light of constipation or any one of its symptoms—there is no telling what disease you may be heading into! The one thing to do—IMMEDIATELY—is to fight constipation to the last ditch! Not with pills or cathartics; they cannot give you lasting relief! Not with foods with a low bran content; they do not have the bran-bulk to do the work!

What you need, what will give you permanent relief is Kellogg's Bran because it is ALL BRAN! Kellogg's is scientifically prepared to relieve constipation. It will relieve the chronic case or the mild case. You need it, your family needs it!

But, you must eat Kellogg's Bran regularly—each day! At least two tablespoonfuls; in chronic cases this amount with each meal! And, eating Kellogg's Bran is a delight rather than a hardship. It has a delicious, appealing nut-like flavor that wins the most fastidious appetite.

Every day when you eat Kellogg's Bran as a cereal, sprinkled on your favorite hot or cold cereal or cooked or mixed with hot cereals, think of the health every spoonful contains for you! Think how Kellogg's Bran sweeping and cleansing the alimentary tract; how it is driving out the toxic poisons and freeing your system from dangers of dreaded diseases! Your physician will recommend it.

Kellogg's Bran is extra-delicious made into countless bakery batches. Recipes on every package.

All grocers sell Kellogg's Bran; it is also obtainable at first-class hotels and cafes in individual packages. Ask for it at your restaurant. (adv.)

TO HONOR CHIEF JUSTICE IN GREENE COUNTY

Banquet Will be Tendered Mr. Thompson in White Hall—Miss Wallace Weds Dr. Jarman—Other White Hall News.

White Hall, May 18.—The commencement exercises of the Kampsville school was addresed by Rev. L. E. Ellison of White Hall. The principal is H. Frank Greer of White Hall. Mr. Greer gets a place in the Greenfield school next year as principal of the grade school.

The condition of Mrs. C. G. James, who has been ill is in a serious condition.

V. C. Thurman of the local postal organization, was advanced to full membership in the blue lodge of Masonry Thursday night at a session that was largely attended.

Acceptance has been received by the local bar from Hon. J. M. Riggs of Winchester, who will be the leading speaker along the line of early history of this section at a banquet on the evening of July 3, in honor of Chief Justice Floyd E. Thompson, which will be attended by the bar of Greene and adjoining counties, as well as the general public. On July Fourth the chief justice will deliver the address here in dedication of the government markers to the memory of the veterans of the war 'af the revolution buried in Greene county.

Statewide interest is beginning to be manifested in this exceptional revolutionary observance at White Hall, where it is evident that there are more marked graves of revolutionary veterans than in any other county in the state although some historical records show other counties to posses more of such graves without proof of record. It is also assured that another notable to be present is Col. E. R. Lewis of Chicago, state superintendent of records of burial places of soldiers.

Dr Jarman Weds.

The marriage of Dr. A. R. Jarman and Miss Louise Wallace, the latter of Memphis, Tenn., was solemnized by Rev. Lee a Hanchett in the Presbyterian manse Tuesday evening. Mrs. A. H. Jarman of Fremont, N. C., mother of the groom, was present.

Dr. Jarman has been located in White Hall for several months and has gained the good will and esteem of the people, who wish him and his bride many happy years of wedded life. He is the son of Mr. and Mrs. Alonzo H. Jarman of Fremont, N. C., and is a world war veteran. His bride is a graduate of Baptist Memorial Training school for nurses at Memphis, Tenn., and has specialized in anesthesia. She is a splendid young lody of culture and refinement.

Dr. and Mrs. Jarman plan to make their home in White Hall. The many friends welcome them with best wishes and congratulations.

May Organize Rotary Club.

In a communication to R. F. Ballard, agent of the Burlington railroad, G. L. Griggs of Beardstown, urges Mr. Ballard to bring about the organization of a Rotary club in White Hall. Supt. Griggs calls attention to the fact that such an organization would not interfere with the Chamber of Commerce, but would supplement and strengthen the work of such a body.

The division superintendent gives evidence that he has for a considerable length of time been giving attention to the growing community spirit at White Hall and its importance along varied lines, for he covers the point of White Hall's size as mitigatig against obtaining charter by saying that he placed the subject before the international secretary a short time ago, giving an outline of what sort of a town White Hall is, and the latter official consented to a survey being made with the view of granting the charter.

Agent Ballard says that he would have his superior come to White Hall to confer with interested citizens at any time, and that an official car of the Burlington would be provided for such a conference. Again, if the matter were submitted for recommendation to the new president of the Springfield Rotary club, White Hall would get a whaling endorsement from Cornelius J. Doyle, who has never failed thru the years to voice his gratefulness to White Hall for various reasons.

New Towerman.

T. P. Connors, lately of Nilwood, has been assigned to the position of second trick towerman at the interlocking plant in White Hall. He will relieve Berry Grant, extra towerman, in a few days. This is the position vacated by R. B. Pearce on his appointment as postmaster.

Lloyd T. Anderson of Chapin transacted business in this city Friday.

Lasting Satisfaction in the

Hupmobile

Satisfaction is perhaps the one word which best describes the feeling of every Hupmobile owner.

Satisfaction—with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

SIG DEBATERS ARGUE SUNDAY MOVIE ISSUE

College Society Members Vote Affirmative Winners, But go on Record as Opposed to Sunday Shows — Other Literary Societies Met.

Sigma Pi Literary society at its regular meeting Friday evening staged a debate on the question, "Resolved, that theaters in Jacksonville should be permitted to open on Sunday." The affirmative was supported by Dahman and Vogg, and the negative by W. Roberts and Schumann. The affirmative argument was awarded the decision; but the society voted the merits of the question to the negative. No particular reason was given for the society's stand against Sunday movies, except that the members usually vote the merits of a question opposite to the decision on the ability.

The affirmative put up the argument that people who attended Sunday shows would be prevented from spending their time in ways not nearly so beneficial.

The subject for the extempore speakers was "Political Forecasts for 1924," Fait, Struck and Shipley were assigned to this topic. They seemed to be of the opinion that Harding would be the Republican nominee. McAdoo for the Democrats received the most favorable consideration, with Al Smith as a possible alternate.

The remainder of the program was as follows:;

Declaimers—W. Roberts, "Lincoln's Gettysburg Address.'

Hopper — "Me and Pat and Mother, and "What the Bad Man Said.'

Reading — Weber, "Cavallaris Rusticanis" (Eberga.).

Essayists—Harris, "The Bonus Bill.'

Weber, "College Friendships."

PHI ALPHA MEETING.

The Phi Alpha Literary Society of Illinois college held its regular meeting last evening at Beecher hall.

The meeting was called to order at 8:;00 p. m. by President Gunn. After prayer by the chaplain, and roll call, the minutes of the previous meeting were read and approved.

The following program was given::

Essayist.

Van Deventer—"Clothing."

Remenschneider — "Tragedy of a Squirrel Hunt."

Declaimers.

Stevens — "Napoleon Bonaparte."

Miller — "My Twin Brother, Al."

Orator.

Headen—"Success."

Select reader.

La Rue—Sketch from Moorhead Journal.

Extemporizer.

Hatfield—"Our Inheritance."

Four men on the program debated the question, "Resolved, that the world court will destroy nationalism." Furry, Stingley and Gard were appointed judges. The decision was two to in favor of the affirmative, and the society voted the merits of the question with the decision.

Gamma Nu Met.

The Gamma Nu Literary society of Illinois college held a meeting May 18, on which the following program was given:;

Essay: College Life from Eight Mopth's Experience—Hosking.

Essay:; A Valuable Discovery —Buchanan.

Declamation:; If We only Knew—Pittman.

Reading: Why Gambling is a Forbidden Pleasure on Ye College Campus—Foreman.

Oration: Cause of Humanity—Josephson.

Select Reading: The Great Pancake Walker—Stone.

ROTARY MEMBERS WERE ADDRESSED BY HIGH

HCard Value of Community Spirit Emphasized in New Way at Friday Luncheon — Other Guests Spoke Briefly.

Fred High made the principal address at the luncheon of the Rotary club Friday at the Pacific. Mr. High in a new way laid emphasis upon the value of the community spirit. His thought was that the people of Jacksonville and the towns of the county have much in common, and can work together to mutual advantage.

He said that Jacksonville merchants should not try to get business away from the small town merchant, but that both should endeavor to combat the mail order houses and other concerns that are making big inroads on the wholesale business of the county.

President A. H. Dollear introduced also H. F. Henley of Chicago, who was here for a number of weeks in work for the American City Bureau. Mr. Henley said that it was a pleasure to him to testify to the good conditions here, the high regard in which the Chamber of Commerce is held. He said it was possible for him, coming back as one familiar with the work in its early stages, to get correct reaction and to really find out public feeling toward the chamber.

Another guest of the day who spoke briefly was Walter W. Schultz of the U. S. Chamber of Commerce. Mr. Schultz, who represents his organization in a wide territory, spoke of his very pleasant impression of Jacksonville and said he had been courteously received by members of the U. S. chamber of commerce here and by others.

The other guests of the day were N. R. Bigle of Peoria, chemical engineer of the Illinois Traction system; M. R. Range and J. J. Kelly, Jacksonville.

Recently the Rotary club was asked to endorse senate bill No. 421. A committee was appointed including Judge H. P. Samuell, J. J. Reeve and Col. O. C. Smith, to examine the bill and make a report. It was the unanimous opinion of the committee that the subject presented by the bill was not one in which the Rotary club could properly concern itself. Moreover, the committee suggested that the bill proposes "to legislate honesty into business" in the committee's opinion it is no more possible to accomplish this by legislation than it would be to "legislate the Rotary spirit into men." By unanimius vote the report of the committee was adopted.

COMMISSION BANS JESS WILLARD

NEW YORK, May 18. — The New York state athletic commission has forbidden the proposed boxing match between Jess Willard and Luis Angel Firpo it was learned tonight, on the ground that Willard's age is beyond the legal limit. Tex Rickard, promoter of the bout is said to be making plans to stage it in New Jersey, probably at Boyle's Thirty Acres.

Rickard refused to discuss the commission's decision tonight but it was said that the bout would be probably staged in Jersey City arena on June 30.

William Muldoon, chairman of the commission, also refused to comment on the reported action, but said his personal view had not changed from what it had always been—that Willard should not be allowed to box in New York unless he proved that he was under the prescribed age limit of 37.

It was learned today that Willard came near being declared physically unfit to box Floyd Johnson in their bout last Saturday afternoon for the Milk Fund. Athletic commission physicians, it was said, would have disqualified him had he been scheduled to meet a heavyweight of the extremely heavy hitting type.

WALTER HAGEN TO DEFEND TITLE TODAY

LEEDS, Eng., May 18.— Walter Hagen, the American professional who has come across the ocean to defend his title to the British open golf championship tomorrow will meet H. C. Jolly, Foxgrove, in the final round of the tournament which has been in progress for several days.

Hagen, this morning defeated A. G. Havers, an English player at the 19th hole and in the afternoon match of the semi-final eliminated Gene Sarazen, the American open champion 3 up and 1 to play.

Sarazen had won his way into the semi-final through the defeat of James Ockenden, 5 and 3. Gus Falkner in the morning round carried Jolly to the 20th hole before acknowledging defeat, but Jolly had an easier time in the semi-final over J. Mackenzie, defeating him 2 up and 1 to play and winning the right to meet Hagen in the final for the handsome money purse tomorrow.

REDS SHUT OUT WORLD'S CHAMPIONS

NEW YORK, May 18.—Cincinnati evened its series with New York here today. Luque, the Cuban, shutting out the world's champions, 7 to 0. It was the first shutout suffered by the Giants this season. Bentley, New York's $65,000 pitcher, lost his third game in four starts. He pitched a fair game today but his wildness helped bring about his defeat.

GRIDIRON SCHEDULE FOR TIGERS MADE UP

School for Deaf to Have Three Games on Local Field Next Fall—Two Open Dates—Game with J. H. S. Opens Season

Manager Downs of the School for the Deaf yesterday released the tentative football schedule of the Tigers for the coming fall. The team will lose several of its valuable players on account of graduation, one of the most noted being Massinkoff, but there is an aboundance of good material left from which to form another real team, under the leadership of Captain Crabbe, whose playing has always called forth a great deal of praise.

The schedule as arranged is given below:

September 29 Jacksonville high school.
October 6, open.
October 13, open.
October 20, Greenfield High school, there.
October 27, open, here.
November 2, Routt college.
November 10, Auburn High school, there.
November 18, Missouri School for the Deaf, there.
November 24, Taylorville High school, there.
November 30, Turkey Day, Indiana School for the Deaf, here.

HITCH IN WILLARD AND FIRPO MATCH

NEW YORK, May 18.—The details of signing Luis Angel Firpo to a contract for a match with Jess Willard to settle the question of a challenger for Jack Dempsey loomed tonight as a possible hitch in negotiations for the bout.

It was learned that the South American, after rejecting original terms offered by the promoter, now was considering a new set of proposals.

It was declared Firpo was holding out for guarantees which would net him well over $100,000.

Babe Ruth Makes Sixth Home Run With Dugan on Base—Winners Took Lead at Jump and Were Never Headed.

St. Louis, May 18.—The New York Americans made it three straight over the local Americans by taking today's game here 9 to 4. "Babe" Ruth made his sixth home run of the season in the seventh when he drove the ball into the bleachers with Dugan on base. Wright, pitching for St. Louis, was the victim of the heavy slugger. The Yankees took the lead in the first inning by scoring their first run, added three more in the third, two each in the fifth and seventh innings and one in the eighth. Lee Fohl set in three pitchers in an effort to stop the American league champions.

CAPITAL CITY TEAM WINS FROM MUTES

Springfield Defeats Team from School for Deaf 4 to 1 Thru Errors—Carlson Allows Foes Only Two Hits

In a return game with Springfield high school, played in Springfield yesterday afternoon, the School for the Deaf baseball team again went down to defeat by a score of 4 to 1, although pitcher Carlson only allowed Springfield two hits during the game, Springfield winning the game on errors.

I. S. D. scored their lone run in the first inning, and two men were put out at the home plate in the same inning by very close decisions. In the fifth inning, Springfield had two men on bases, with two outs, when Thompson, Springfield, drove a bee-liner to right field, which Nail muffed, allowing two runs. The next batter reached first on balls, and Springfield scored their other two runs on Miller's error.

KNIGHTS OF COLUMBUS DEFEATED BLUE LABELS

Harry Towers Pinch Hitting for McGinnis Drives in Winning Run—L. Devlin Hurls Good Game.

Harry Towers, pinch hitting for McGinnis drove in the winning run for the Knights of Columbus in the game with the Blue Labels in the Twilight league game Friday evening.

The game was hard fought with honors even most of the way. Both L. Devlin and Blesse pitched good ball but Devlin had the edge and his teammates hit more opportunely. The Knights also played errorless ball behind Devlin while the Blue Labels miscued three times.

DUN'S REPORT TODAY WILL SAY

NEW YORK, May 18.—Dunn's tomorrow will say: In commercial channels as in speculative markets, an undercurrent of uncertainty is now manifest. There seems to be more doubt about the probable course of prices of commodities, and there also is more questioning as to the future of business generally. The developments of recent weeks have shown plainly evidence that activities in different quarters are abating and Dunn's list of wholesale quotations has reflected the reversal of the price movement.

The diminution of demands, however, has only come after a period of notably heavy purchasing, with new records attained in various instances and there is a divided opinion as to the real significance of the present change. Close observers of conditions do not overlook the fact that many requirements already have been covered for some time ahead thus leaving less incentive for buyers to make additional committments and the rise of 15 per cent in commodity price in the last year likewise is being considered.

Market Report

By The Associated Press

WHEAT MARKET CLOSED HEAVY

CHICAGO, May 18.— Predictions of a warm wave led to a decided set back in wheat prices today. The market closed heavy, 1⅛ to 1⅞c net lower, with July $1.16 ¼ to $1.16½ and September $1.14½. Corn finished ⅝@¾ to 1c down, oats ⅜ to ⅞@1c off and provisions varying from 2@5c decline to 10 @12c gain. Prevailing generally fair weather conditions gave the wheat market a tendency to sag in price during the early dealings, but crop damage reports from the southwest, Kansas and Texas in particular, brought about upturns later. The upturns, however, failed to last in the face of the government detailed forecast which suggested that a heat wave would develop in the central west at the beginning of next week, and would follow showers over a good portion of the winter crop belt.

A report that Russia had sold a cargo of wheat to Germany for June shipment at a big discount said to be equal to 15c under the price of number 2 hard fob at the Gulf of Mexico had considerable to do with emphasizing wheat market weakness near the end of the day. The fact that crop damage reports were accompanied by but few orders to purchase counted also as a late bearish influence. Bulls appeared to make a little headway with assertions that severe reduction of spring wheat acreage would be confirmed by government figures to be issued July 1.

Corn as well as wheat was bearishly affected by forecasts of a warm wave. Besides, enlarged offerings of corn to arrive at Kansas City from Nebraska were reported. Oats were ruled for the most part by the action of corn.

It was an irregular market in provisions. Lard declined with hogs and grain, but ribs advanced owing to talk of better cash demand for meast.

OPENING TODAY

NO CHANGES IN CASH WHEAT MARKET

CHICAGO, May 18—Wheat in the cash market today was relatively unchanged with offerings light and only one sale made; 10,000 bushels of No. 1 mixed at $1.22½. The seaboard estimated 200,000 bushels worked for export, and the southwest reported gulf bids higher. There were sales of 50,000 bushels of wheat to go to store here.

Cash corn closed ⅛c better to ⅜c easier, with the trading basis firm on yellow aid easier on the mixed and white. Cash sales here were 165,000 bushels. The seaboard reported 100,000 bushels forked for export. Some receivers said there will be a little increase in country offerings.

Oats closed weak to 1c easier, including a decline of ⅛@⅜c in premiums. Cash sales here were 80,000 bushels.

Cars inspected: Wheat 11; corn 12; oats 79.

FURTHER LIQUIDATION IN STOCK MARKET

FINANCIAL.

Day's total sales 437,000 shares.

Twenty industrials averaged 95.07; net loss .34.

High 1932 — —105.38; low 95.07.

Twenty railroads averaged 81.33; net loss .-5.

High 1923 — 90.63;; low 80.37.

Total sales (par value) $9,-551,000.

NEW YORK, May 18.— Selling pressure, exerting throughout the day on the chemical, fertilizer and cotton oil securities, resulted in further liquidation in the general list in today's stock market.

Outstanding weak spots, outside of the agricultural issues, included Famous Players, off 4½, Dupont, off 5, American Writing Paper preferred, off 4, and Central Leathers preferred off 3.

Among the oils, new low prices were recorded by Standard Oil of New Jersey, Middle States, Transcontinental, Texas Company, Pierce Oil and Caddo Oil.

There were a few strong spots in the market notably among the sugar and copper shares, the former influenced by reiterated statements as to the shortage of the Cuban crop, and the latter by a better for the metal.

The local federal reserve bank announced the withdrawal Monday from member banks in this district of about $81,000,000 to meet the retirement of the last of the victory bonds. Withdrawals throughout the country on that date will aggregate approximately $200,000,000.

Active United States Government bonds, with the exception of the tax exempt 3½s which receded 3.32 of a point, made small gains, again pointing to possibility that the British government is in the market to meet an early interest payment on its debts to this country.

LOCAL U. S. W. V. PLAN FOR BIG CONVENTION

Let Contract for Decorations—Date is Set for Observance of 25th Anniversary of War With Spain for June 14.

Willam H. Rule Camp No. 96, United Spanish War Veterans, held their regular meeting Friday night, and extensive plans were made for Memorial Day services and for the Annual State Encampment June 14, 15, and 16.

The contract for the street decorations has been let, and about six hundred delegate and alternate badges for both the U. S. W. V. and Ladies Auxiliary have been ordered. The stand of colors, which include a national flag and a camp flag, both made of silk, with the lettering and emblems embroidered in silk, and costing approximately $200, will be received in time for use on Decoration Day. Committeeman Westrope was instructed to order not less than one hundred and fifty pictures of men and scenes prominent in that war, such as Dewey, Sampson, Schley, Hobson, McKinley, Roosevelt, Battle of Manila Bay, Battle of Santiago, Battle of San Juan Hill, and many other subjects, these to be placed in the store windows for decorations, and also to be furnished to the members for home window decorations.

High Officials Expected

Announcement was made that Past Commander-in-Chief Oscar E. Carlstrom of Aledo, Illinois, and precent Commander-in-Chief Antonio P. Entenza of San Francisco, California, will speak to the public on the lawn at the School for the Deaf on the evening of June 14th, which is the date set for the twenty-fifth anniversary of our war with Spain, this being also the first day of their encampment.

The following committees were appointed during the evening:

Advertising for all events—Oliver Mack, H. W. Sparger, B. Daniels, W. D. Harrington and W. A. Westrope.

Arrangements for speakers' stand and seats—J. A. Ray and W. R. James.

Auto service—Samuel Hunt.

In charge of reception committees—Dr. C. B. Magill and E. C. Vickery.

Arrangements for sunrise and sunset guns—Capt. W. R. James.

Chief Snake Charmer—Dr. R. R. Buckthorpe.

"Buck" wishes to announce that this appointment has nothing whatever to do with snakebite remedies, but is merely the name given to the special reception committee in charge of the entertainment of the "Snaix," which is a higher and woolier degree of Spanish War Vets.

Word has been received that the delegate and alternate list alone, from Decatur, will comprise nineteen vets, and eight members of the Auxiliary, and word is being received from all parts of the state that the prospective attendance from every camp will be the heaviest ever known and the special attractions that will be put on by the organization during all of the three days will be a sure guarantee of a very large crowd of people, outside of the members of the order.

CRAIG SUPPORTS ROAD BOND ISSUE

LeRoy Craig of this city, who is chairman of the good roads committee of the state organization of United Commercial Travellers, gave his report at the annual convention in Alton yesterday. It contains a recommendation that the Travellers go on record as favoring the proposed state bond issue for hard roads. The report reads:;

"To the Grand Counselor and members of Illinois Grand Council and the Order of United Commercial Travelers of America, Greeting. In making my eight annual report as your chairman of the Good Roads Committee for the year just ending.

"I am pleased to state that we have made good progress towards better road conditions in Illinois for the past year and I am now glad to report that we will have much better roads the coming year.

At the state meeting of Highway Commissioners and town Clerks association I was elected a member of the legislative Committee and we are now working on several bills before the house. Having passed house bill No. 245 in the house and now have it recommended out of the Senate road and bridge committee to the third reading that it do pass.

"This is an amendment to the present law which will increase the term of office of highway commissioners and clerks to four years instead of two thereby saving the expense of an election and getting a better class of men to run for the office which will help the roads more than anything that can be done at the present.

"We are also working on a bill to make railroad crossings more safe and to start an educational campaign among car owners and drivers as it has now gotten to a place where something must be done to avoid so many accidents.

"I will recommend that the Grand Council go on record as favoring the new bond issue for additional mileage of hard roads and assist in the early completion of the proposed routes.

"Respectfully submitted,
"LeRoy Craig, Chairman Good Roads Committee."

WINCHESTER H. S. TO CELEBRATE MAY DAY

One Hundred High School Girls Will Take Part in Pretty Fete on Grout Lawn Next Friday—Other Items of Interest.

Winchester, May 18.—The annual May day fete of the physical training department of the community high school here will be held on the Grout lawn Friday afternoon, May 255 at 2:30 o'clock. This is the second annual event of this character, and it promises to be a popular drawing card.

About one hundred high school girls will take part in the program. Attractive costumes are being arranged for the occasion. Miss Vera Wardner, the instructor in physical training, is putting the girls thru careful instructions for the various parts on the program.

Frank Mason has moved his shoe shop into the old Herald office building.

The friends of Mrs. Shode Claywell, who has been ill since February, will be glad to learn that she is improving, tho her recovery is slow.

The park board is making arrangements for a burgoo picnic to be held at Monument park on July Fourth.

The friends of Mrs. Albert Coultas will be glad to learn that she is improving rapidly after her illness.

RAILROAD PRESIDENT IS VISITOR IN CTY

C. W. Pidcock of Moultrie, Ga., Is Guest of W. N. Hairgrove—Says Business in South Is on Upgrade and Outlook Bright for Prosperous Year—Deplores Shortage of Labor

Charles W. Pidcock of Moultrie, Ga., president of the Georgia Northern Railway Co., is in the city to spend the week end as the guest of Attorney William N. Hairgrove. The two gentlemen met last summer during Mr. Hairgrove's stay in Alaska and became firm friends.

Mr. Pidcock comes from the "Wire Grass" section of southwest Georgia near the Florida border. He says that business in all lines is on the upgrade in his part of the country. The southern farmers and business men are recovering from the depression of the past three years. Crops are planted and are growing in fine shape. Prospects are good for a bumper crop and high prices.

Mr. Pidcock deplored the fact that there is a fast growing shortage of negro labor in the south. The colored people are leaving on every train for the north and west, where they can obtain better wages. There will be a scarcity of help in the farming sections of Georgia this season.

However, the crop prospects are so bright that the planters are looking forward to a prosperous year. It will not be long until the abundant output of cantalopes and watermelons, which are grown in that section by the thousands of carloads, will be placed on the market. Recently watermelons sold on the St. Louis market at $1.50 each, a fact which gives the growers in Georgia hopes of good prices for their products.

Cotton is of course raised in abundance in the Moultrie vicinity. The farmers there also raise and ship large numbers of hogs each year. Mr. Pidcock handles on his railroad heavy shipments of the produce of that region. He is head of a company which operates a hundred and forty miles of railway.

TEAM RUNS AWAY AT WINCHESTER

Winchester, May 18.—A runaway that caused considerable damage occurred here this afternoon at the residence of Mrs. Oliver Coultas, where Henry Thompson was hauling trash. While he was loading some articles on the wagon, a roll of wire fell on the horses' backs, frightening them and causing them to run.

The team ran thru the Coultas yard, smashing a large flower urn and breaking down a fence. The harness was damaged and the wagon tongue was broken. Mr. Thompson was fortunate enough not to be in the wagon when the runaway occurred.

C. OF C. DIRECTORS CHOSEN YESTERDAY

In the election for selecting six directors of the Chamber of Commerce which just closed, the following were chosen: J. W. Walton, T. A. Chapin, H. M. Capps, E. E. Crabtree, Henry Frisch, M. F. Dunlap.

Secretary Welch stated last night that one of the largest votes in the history of the organization was cast, nearly 80 per cent of the membership voting.

The directors must meet before May 28, organize and select a president, vice president, secretary and treasurer.

BLIND STUDENTS TO ATTEND BROOKLYN

Reverend G. W. Randle, pastor of the Brooklyn church has arranged one of the best programs in the present series of special meetings for the services next Sunday evening, at 7:30 o'clock.

The Illinois School for the Blind will be the guests of the church on that occasion. About one hundred of the students are expected to attend the service, in charge of Superintendent R. W. Woolston.

Plans are under consideration to convey the school to the church in cars. Any one having a car available for the occasion will please report to G. W. Randle, the pastor of the church. About twenty cars will be needed.

The service will be opened with a musical program by musicians from the school, who bear an enviable reputation in this community.

This program will be in charge of Mrs. Helen McDougall James, school director of music; Miss Deweese, voice instructor; and Frederick Myers, director of the orchestra.

The program is as follows:

Chorus of thirty voices—"No Shadows Yonder," from "The Holy City," by Gaul.

Chorus—"Jerusalem, O Turn Thee," Gounod.

The solo part will be sung by Louis Steiner.

Solo—"The Plains of Peace," by Barnard—Sung by Ora Dempsey.

Orchestra—Selection from "Faust," Gounod.

The pastor will preach a special sermon on "Safe Investments."

Seats will be reserved for the visitors. All others who desire seats will do well to come early. Doors open at 6:30 p. m.

DRIVE FOR MONEY IS PROGRESSING

Committees Securing Money for Spanish War Encampment and Dedication of Soldiers' Building Are Meeting Ready Response

The drive for the fund of twenty-five hundred dollars to be used for the United Spanish War encampment on June 14, 15, and 16, and for the dedication of the new soldiers' building on June 15, is progressing very satisfactorily, all teams making a good showing, and reporting that the people solicited are donating cheerfully to the budget.

General Chairman Rodgers anticipates that the drive will go over very easily, as the people feel that they are not only showing a spirit to the former soldiers of both wars, but that this three days jubilee will mean much to the city of Jacksonville, and will do much toward more firmly establishing the fact that this city can be depended upon to furnish their guests with the very best in the entertainment line.

As all teams have not yet reported, it is impossible to give an account of the total funds collected to date.

SCHOOL FOR THE DEAF NOTES

Miss Amy DeMotte, class officer of the Sophomore class, entertained the whole class at the home of T. P. Carter, 475 Lincoln avenue, the class consisting of twelve members. The evening was spent in games and other social amusements, and Mrs. Carter assisted in entertaining.

The Junior Literary society gave a farewell party to the Senior class Friday evening, in the gymnasium, Miss Blanche Stalheder being in charge of the arrangements. The evening was very pleasantly spent with games and dancing, and refreshments were served during the evening. Col. and Mrs. O. C. Smith and other officers and teachers were special guests during the evening.

The Y. A. L. S. and the M. I. S. literary societies of the school will give a farewell party to the coming graduates on the lawn this evening. These societies comprise both the girls' and boys' organizations, and they will hold the reception jointly. Various games will be played during the evening, and refreshments will be served.

The farm department recently had the misfortune to lose one of the fine gray horses that have been driven by Mr. Braner the animal dying of azoturia. This team has always been considered one of the most beautiful teams in the county, and the breaking up of the team will be greatly felt.

I. W. C. JUNIORS OVER TOP FOR ENDOWMENT

100 Per Cent of Class Subscribes to Fund—Big Time Meeting Held in Chapel Friday Morning

The Juniors of Illinois Woman's college are boasting one hundred per cent of the membership subscribing to the endowment fund. This was the first class now in college to sign up its entire membership, and the result was announced yesterday afternoon after a whirlwind campaign had been made.

A pep meeting to boost the endowment campaign among the students and faculty was held in the chapel yesterday morning. Yells and songs put the students in high enthusiasm. All classes are working hard to make their membership one hundred per cent for the endowment and with their names on the subscription list.

Talks were made at the chapel service by Miss Mildred Waldron, chairman of the general student endowment committee, and the Misses Ruth Webb, Margaret Fowler, Eva Gertrude Hodgens, Helen Bly and Catherine Yanseck. The yell leader was Miss Edith Hall.

The students made up original songs and made them serve to express their enthusiasm. One song to the tune of "Marching Thru Georgia" runs as follows:

We're working for Endowment, and we're working hard and long!
We're here to shout this morning and we're here to sing a song!
You'll hear reports a-coming, and they're coming right along,
While we keep shouting Endowment!
Hurrah! Hurrah! We're here to put it through!
Hurrah! Hurrah! It's up to me and you!
That old Endowment's coming, and it's going to come through!
For we keep shouting Endowment.

The Seniors mean to finish it before they say good-bye.
The Juniors are hard after them you'll see how they will try.
The Sophomores are coming and you'll hear them bye and bye,
The Freshmen are shouting Endowment!

We'll build a Science building and the odors all shall go!
Biology move over there, with with all the cats, you know,
And Chemistry and Physics, HCl and H2O,
So let's keep shouting Endowment!

Endowment helps the faculty, if we can raise their pay!
The poor things surely need it, so we'll try to find a way,
If we can make them happy they will smile at us each day,
Come on and let's shout Endowment!

So here's to Doctor Harker, and we all will make it go!
He's worked for it so hard and long, as all of us do know!
Let's keep the whole thing moving, we can never answer no!
So we'll keep shouting Endowment!

FALLEN TREE STOPS WABASH PASSENGER

A serious wreck was narrowly averted recently on the Wabash near Arnold. The east bound passenger No. 12, due in this city at 9:06 p. m., was traveling at a good rate of speed when the engineer saw a large tree lying across the track. The train crashed into the boughs of the tree, causing some damage to the engine.

The train was delayed for more than an hour, while the crew cleared the track of the obstruction. The tree had been blown across the track from an adjacent bank.
